Product Overview

Z/CN/VERM

Universal Absorbent Granules

Specifications	
Material	Vermiculite
Net Weight	6 Kg
Gross Weight	7 Kg

These universal general purpose absorbent granules are ideal for the clean up of hot oil, fuel and water based liquids. Supplied in 6kg cartons The absorbent granules are made from the naturally occurring mineral vermiculite which is crushed into pellet sized fragments and heat treated. The result is extremely lightweight granules which absorb liquid quickly and which remains granular even when saturated. Its absorption ability is 20 times its weight
