

Single IBC Bund Sump Pallet BB1

R-BB1

Product Overview

Z/R/BB1

Sump Capacity

1100 L

Single IBC Bund Sump Pallet BB1

Specifications	
Dimensions	1760x1350x710 mm
Sump Volume	1100 L
Load Capacity	2000 Kg
External Dimensions (WxDxH)	1350 x 1770 x 810mm
Weight	91kg
UDL	2000kg
Colours available	Yellow and blue

This is a rugged sump pallet for the spill containment and storage of one IBC (Intermediate Bulk Container) or drums on a pallet. The strong and durable sump pallets come in a bright yellow colour and are of a nestable space saving design. In addition, the sump pallet has a removable grid to make cleaning / emptying easier and is suitable for the majority of IBC footprints. The IBC spill pallet is constructed from durable (modified for strength) high density polyethylene (HDPE) and manufactured using an injection moulding process. These IBC sump pallets are corrosion resistant, therefore they cope with chemical spills and feature integral supporting stands without a grating. Ideal for the spill containment of storing various acids, alkaline solutions, oils and non-flammable chemical substances. The spill pallet bases are designed with forks at the bottom for easy handling by forklift truck or hand pallet truck (Width 24.5cm, Inside Spread 14.5cm, Height 10.0cm).
