Access Aperture (WxH)	1320 x 2480mm

This bunded cabinet is designed to hold and store 8 drums on 2 levels. The base sump is seam welded from 3mm sheet steel with a capacity of 450 litres. The body is formed from 2mm pressed sheet steel and benefits from a fully welded strong design. The 2 hinged doors are fabricated from 2mm sheet steel and fitted with a robust lock with keyed handle to make the bunded container secure. The 2 levels have load bearing support beams for the pallets to sit on, suitable for up to 1.2m square pallets. The sump container of course complies with all current UK regulations for the safe storage of drums. Available as optional extras are: - Air vents - Galvanized steel grid mesh - Galvanized steel pallet channels
