This bunded cabinet is designed to hold and store 8 drums. The neat layout allows in the right hand side, the storage of 4 drums on a pallet, placed vertically, with a handy shelf above for small items. In the left side are 4 drums lying horizontally in cradles which allows for easy dispensing - nifty design layout!!! The base sump is seam welded from 3mm sheet steel with a capacity of 1125 litres. The cabinet body is formed from 2mm pressed sheet steel and benefits from a fully welded strong design. The 2 easy glide sliding doors are fabricated from 2mm sheet steel and as standard fitted with a central lock and padlock points, although padlocks not supplied The right side is suitable for up to 1.2m square pallets. The sump container of course complies with all current UK regulations for the safe storage of drums Available as optional extras are: - Air vents - Galvanized steel grid mesh - Galvanized steel pallet channels
