Max O/A Height	3506mm
Storage Capacity	8 IBCs or 32 x 205 litre drums
Sump Capacity	2200 Litres
Net Weight	1800 Kg
Colour as Standard	Green RAL6029

This Substantial bunded cabinet is designed to hold 8 IBCs or 32 drums on 8 pallets, pallet size up to 1.2m square, or a combination of both. The addition of roller shutters as opposed to sliding doors means that all bays can be accessed at any time. The base sump is seam welded from 3mm sheet steel with box and pressed steel ribs for additional strength, giving a sump capacity of 2200 litres. There are 3 pallet channels per pallet space for the IBC or pallet of drums to sit on. The body and shelf framework is formed from structural box section and the outside covered with 2mm pressed sheet steel and benefits from a fully welded strong design. The sloping roof is again pressed sheet steel and braced and fitted with crane lifting points. The IBC sump container complies with all current UK regulations for the safe storage of IBCs and drums. Available as optional extras are: - Air vents - Galvanized steel grid mesh so pallet not needed - Galvanized steel pallet channels
