Low Profile Open Drip Tray 30L
R-TTXL

Product Overview

Z/R/TTXL

Capacity
30 L

Low Profile Open Drip Tray 30L

Specifications	
Dimensions	550 x 1200 x 50mm
Sump Volume	30 L
Weight	2kg
Material	recycled polypropylene

This open plastic drip trays are lightweight and conveniently sized for a general use. The rotational molding manufacturing process uses virgin polythene granules which results in a durable and tough drip tray. The tray is low profile with a shallow depth and open so there is no grid The polythene drip tray is suitable for most applications involving the handling and pouring of small containers of liquids and ideal in laboratories with a broad range of chemical compatibility
