Wheelie bin	120l

Supplied in a handy wheelie bin, this spill Kit is suitable for use on Chemical fluid leaks or general purpose water based spills. The Kit and wheelie bin will contain up to 120 litres. The absorbent dimpled pads and socks are made of highly absorbent meltblown polypropylene. These chemical absorbent pads are suitable for most caustic, hazardous or unknown liquids including acids, caustics, solvents and chemicals. Versatile enough to be used in any application and will absorb oil and water based spills as well. Keep handy for immediate use. We can assemble custom spill Kits if required to suit your application. We stock all the absorbents and can build a Kit in any larger containers as you require: 100 off 40cm x 50cm x 2mm absorbent mats, 5 off 7.6cm dia x 1.2m absorbent socks, 5 off 40cm x 50cm absorbent pillows and of course the 120l wheelie bin!
