Polyethylene Open Drip Tray 45L
R-TTS

Product Overview

Z/R/TTS

Capacity
45 L

Polyethylene Open Drip Tray 45L

Specifications	
Dimensions	590 x 630 x 175mm
Sump Volume	45 L
Weight	3kg

This open plastic drip trays are lightweight and conveniently sized and for general purpose use. The rotational molding manufacturing process uses virgin polythene granules which results in a durable and tough drip tray. The tray is open so there is no grid The polythene drip tray is suitable for most applications involving the handling and pouring of small containers of liquids and ideal in laboratories with a broad range of chemical compatibility
