Shelf Sump	8 L
Max Roll Size	550mm dia x 520mm W
Weight	23kg

This work stand is ideal for the storage of absorbent pads and booms and has an integral roll dispenser on top and a lockable front door. The plastic work stand can be sited in the workplace close to any handling or liquid decanting. The work stand has a 48 litre internal base sump to contain leaks or spills from small containers inside. Additionally, there is a removable shelf tray with a sump capacity of 8 litres. This PDSD polythene work stand has a single piece front door fitted with a lock and is ideal for the storage of spill absorbent pads etc. The rotational moulding manufacturing process uses virgin polythene granules which results in a durable and tough storage cabinet with easy to wipe or clean sides. This storage work stand has 1 removable shelf tray as standard. The absorbent roll holder is galvanized steel tube and can accommodate absorbent rolls up to 550mm dia x 520mm width.
